

Child Safety Code of Conduct

Purpose

Ruyton's Child Safety Code of Conduct sets out the expected behaviour of adults with children and young people in our School.

All Ruyton staff, volunteers, contractors, service providers, Board members and any other adults involved in child-connected work must follow this Child Safety Code of Conduct.

The Child Safety Code of Conduct applies to all physical and online environments used by students. It also applies during or outside of school hours and in other locations provided by the School for student use.

Acceptable behaviours

As staff, volunteers, contractors, and any other member of our School community involved in child-connected work, we are responsible for supporting and promoting the safety of children by:

- upholding our commitment to child safety at all times and adhering to our Child Safety and Wellbeing Policy
- treating students and families in our school community with respect in our School environment and outside our School environment as part of normal social and community activities
- listening and responding to the views and concerns of students, particularly if they disclose that they or another child or student has been abused or are worried about their safety or the safety of another child or student
- promoting the cultural safety, participation and empowerment of Aboriginal students, students with culturally and/or linguistically diverse backgrounds, students with a disability, international students, students who are unable to live at home and students who are sexually diverse.
- ensuring, as far as practicable, that adults are not alone with a student and one-to-one interactions between an adult and a student are in an open space or in line of sight of another adult.
- reporting any allegations of child abuse or other child safety concerns to a Ruyton Child Safety Leader
- understanding and complying with all reporting and disclosure obligations (including mandatory reporting) in line with our child safety responding and reporting policy and procedures
- if child abuse is suspected, ensuring as quickly as possible that the student(s) are safe and protected from harm.

Unacceptable behaviours

As staff, volunteers, contractors and members of our School community involved in child-connected work we must not:

- ignore or disregard any concerns, suspicions or disclosures of child abuse or harm
- develop a relationship with any student that could be seen as favouritism or amounts to 'grooming' behaviour
- display behaviours or engage with students in ways that are not justified by the educational or professional context
- ignore an adult's overly familiar or inappropriate behaviour towards a student
- discuss intimate topics or use sexualised language, except when needed to deliver the school curriculum or professional guidance
- treat a child or student unfavourably because of their disability, age, gender, race, culture, vulnerability, sexuality or ethnicity

- communicate directly with a student through personal or private contact channels (including by social media, email, instant messaging, texting etc) except where that communication is reasonable in all the circumstances, related to schoolwork or extra-curricular activities or where there is a safety concern or other urgent matter
- photograph or video a child or student in a school environment except in accordance with School policy or where required for duty of care purposes
- consume alcohol against school policy or take illicit drugs in the School environment
- have contact with any student outside of school hours except when needed to deliver the school curriculum or professional guidance and support, or when a family relationship exists and/or parental permission has been sought.

Breaches to the Child Safety Code of Conduct

All staff, volunteers, contractors and any other member of the School community involved in child-connected work who breach this Child Safety Code of Conduct may be subject to disciplinary procedures in accordance with their employment agreement, VIT Standards or terms of engagement.

In instances where a reportable allegation has been made, the matter will be managed in accordance with the directions of the Commission of Children and Young People, the Reportable Conduct Scheme and may be subject to referral to Victoria Police.

All breaches and suspected breaches of Ruyton’s Child Safety Code of Conduct must be reported to the Principal. If the breach or suspected breach relates to the Principal, contact should be made with the Chair of the Ruyton School Board.
